

Lock and Store secure self storage units located in Cambridge Waikato New Zealand

Storage

Lock and Store self-storage units provide excellent security and storage for all your valuable possessions.

The Units are ideal for home owners who need somewhere safe to store household goods, the boat or farmers for equipment and records, and businesses for storing stock and documentation.

Secure

Lock and Store is a robust and secure facility using the latest security technology, with coded keypad entry, constant monitoring and electrified perimeter fence.

Tenants provide their own padlocks and retain their own key, thus allowing access at all times.

Location

The facility is located at 81 Hautapu Road, ten minutes from Hamilton and five minutes from Cambridge within the Waikato area of New Zealand.

The premises are clean and dry with raised floor to eliminate flooding. There is a toilet and wash basin facilities located on site.

Storage Size

Storage size ranges from 1.5m² for documents or personal belongings through to 12x3 for large volume items or a car. Most units are 2.7 – 3.0 meters high, with some 3.5 metres.

Taking the height of each unit into consideration, a large volume of goods can be stored by stacking or shelves in a relatively small area.

There is plenty of room to manoeuvre trucks or cars with trailers within the facility and ample room between each row of units.
